

FLOWER: Facilitating Long-term, Whole-system, Equity-based Reflection

How to Read a FLOWER Diagram

People feel more connected to each other and to the earth.

Connection

Health & Well-being

Improves overall well-being and creates safe living and working conditions.

Jobs & Livelihoods

Provides meaningful work at a living wage and builds assets in a community.

Biodiversity

Preserves the variety of life that can be found on the earth.

Resilience

Builds people's capacity to survive or even thrive in the face of disruption.

Climate Protection

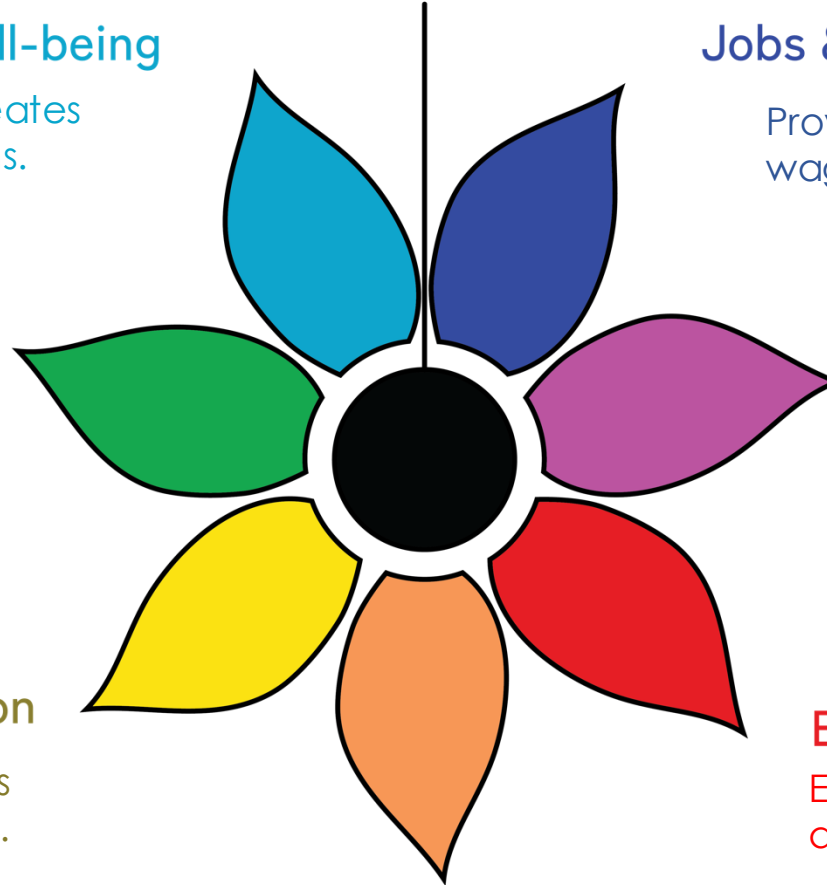

Reduces greenhouse gases emissions or boosts carbon-sequestration.

Built Environment

Ensures access to energy, housing, mobility, and the ability to make things people need.

Food & Water

Increases access to healthy food and clean water.
